About this Prayer of Thanksgiving Blessings by Charles Betterton

The prayer encompasses the vision, mission and programs developed by several cause-oriented companies and affiliated non-profit organizations that I have been blessed to cofound. They include **CENTER SPACE** (the Center for Spiritual, Personal And Community Enlightenment) and the **University for Successful Living**. During Thanksgiving of 2009, I was meditating and envisioning the fulfillment of the shared vision and mission of these organizations that we refer to as helping people A.R.K. -- **Awaken** to their true spiritual identity; **Realize** more of their inherent potential and **Know** how to manifest their ultimate destiny. This Prayer Blessing came to my mind and heart and I am happy to share this along with the original version that is based on the teachings of the Great Master Teacher Jesus the Christ with anyone who may appreciate them. It is also included as part of forthcoming publications and programs introduced at <http://www.CrownedWithUltimateSuccess.com> .
